## 24<sup>th</sup> Pan-Hellenic Conference on Informatics(PCI) with International Participation

The Greek Computer Society (GCS/ΕΠΥ) and the Department of Informatics & Computer Engineering of the University of West Attica (UniWA) organise the 24<sup>th</sup> Pan-Hellenic Conference on Informatics (PCI 2020) in Athens, Greece, on November 20<sup>th</sup>-22<sup>nd</sup>, 2020.

PCI 2020 aims to provide an effective channel of communication among researchers (universities, research and development centres, start-up centres and incubators), practitioners (SME leaders and managers), decision-makers (government, ministries and state agencies) and entities concerned with the latest research, scientific development and practice on ICT in order to discuss current, state-of-the-art topics that are of relevance and significance for national competitiveness as well as for sustainable, robust and equitable regional development.

PCI 2020 will be organised in four tracks: the research papers track, the research projects results track, the special sessions track and a track dedicated to national, large scale R&D infrastructure. PCI encourages the submission of high quality papers describing original and unpublished results of conceptual, empirical, experimental, or theoretical work in all areas of Computer Science.
